prescribing
people
think
yeah
well
really
just
like
actually
social
going
things
get
need
quite
health
evaluation
work
thing
lot
one
way
bit
services
terms
always
public
role
able
marie
person
clinical
care
look
find
know
want
different
point
also
got
seenow
time
sort
may
come
system
claire
model
many
help
saying
obviously
make
great
good
sure
take
data
much
something
involved
practices
example
definitely
probably
getting
support
part
done
might
yes
patients
whether
feel
looking
trying
whole
eady
orking
ommunity
arted
