Random selection of families with one child 6-10 year sharing an address in the Municipality of Middelfart according to the Danish Civil Registration System
N=1,686
Families without an e-boks service
N=11
Families who received a survey in their e-boks
N=1,675
Survey response rate
Pilot study participation rates
Partial or full completion of survey (including those who answered after two reminders)
N=394 (23%)
Families interested in hearing more about the SCREENS pilot trial
N=113
Excluded via survey (n=85) for one or several of the following reasons:
- Below 50th percentile for screen time use in leisure
- Does not have a day job
- Selected adult and child do not have the same permanent address
- Children in household ≤ 4 years of age
Not interested in participation or unable to contact by research staff via phone or e-mail (n=7):
- Not interested (n=1)
- No contact (n=6)
Eligible and interested
N=21 families
Not interested in participation (n=5):
- Felt that he/she does not have the time (n=2)
- Uninterested because family participation would only be partial (n=2)
- Unspecified (n=1)
No replies after initial contact (n=4)
Obtained written consent
N=12 families (57% of eligible families)
(n=19 adults)
R
Decreased screen time
N=6 families
