

Correction

Neuroscience

Correction for “Dopamine firing plays a dual role in coding reward prediction errors and signaling motivation in a working memory task,” by Stefania Sarno, Manuel Beirán, Joan Falcó-Roget, Gabriel Diaz-deLeon, Román Rossi-Pool, Ranulfo Romo, and Néstor Parga, which published January 6, 2022; 10.1073/pnas.2113311119 (*Proc. Natl. Acad. Sci. U.S.A.* **119**, e2113311119).

The authors note that Ranulfo Romo’s affiliations were not correctly stated. The work for this article was completed while Dr. Romo was affiliated with the Instituto de Fisiología Celular, Universidad Nacional Autónoma de México. Dr. Romo left the Instituto de Fisiología Celular, Universidad Nacional Autónoma de México, in March 2020. El Colegio Nacional should be noted as a present address, rather than as a second affiliation. The online version has been updated.
