Author Correction: Prevalence of fatigue at one-year follow-up from the Gothenburg recovery and rehabilitation after COVID-19 and intensive care unit study

Netha Hussain, Carina M. Samuelsson, Avril Drummond & Carina U. Persson

Correction to: *Scientific Reports* <https://doi.org/10.1038/s41598-022-14787-6>, published online 12 July 2022

The original version of this Article contained errors in Table 1, where the “All participants” values for “High Flow Oxygen Therapy” and “Mechanical ventilation (i.e., intubated)” under “Type of respiratory support” were incorrect. The correct and incorrect values appear below.

Incorrect:

Characteristics	All participants [Mean ± SD, Median (IQR), n (%)]
Type of respiratory support	
High Flow Oxygen Therapy	13 (12.4)
Mechanical ventilation (i.e., intubated)	88 (83.8)

Correct:

Characteristics	All participants [Mean ± SD, Median (IQR), n (%)]
Type of respiratory support	
High Flow Oxygen Therapy	15 (14.3)
Mechanical ventilation (i.e., intubated)	86 (81.9)

The original Article has been corrected.
