REASON FOR WITHDRAWAL FROM PUBLICATION

This version of the review has been withdrawn. During the course of updating, the review has been split into a number of separate reviews examining head to head comparisons as part of the Multiple meta-Analyses of New Generation Antidepressants (MANGA Study). These individual reviews will then be combined in a mega-review using multiple treatment model methodology.

The editorial group responsible for this previously published document have withdrawn it from publication.

WHAT'S NEW

Date	Event	Description
31 October 2008	Amended	Converted to new review format.

HISTORY

Protocol first published: Issue 1, 1997

Review first published: Issue 4, 1999

Date	Event	Description
15 July 1999	New citation required and conclusions have changed	Substantive amendment
