## REASON FOR WITHDRAWAL FROM PUBLICATION

We have withdrawn this review from publication because it is out-of-date. It will be updated by two new reviews:

- (1) 'Different classes of antibiotics given to women routinely for preventing infection at caesarean section': which is now published in *The Cochrane Library*; and
- (2) 'Different regimens of cephalosporin antibiotic prophylaxis at caesarean section', the review for which is currently being prepared following the protocol first published in Issue 12, 2011, of *The Cochrane Library*.

The editorial group responsible for this previously published document have withdrawn it from publication.

## WHAT'S NEW

Date	Event	Description
6 December 2011	Amended	Review withdrawn from publication.

## HISTORY
