In the version of this article initially published, a protein (pMAPKAPK2) was misspelled in Fig. 1 and Extended Data Fig. 7; a colored box for “AK7” was missing from the second column of regulators in Fig. 5a; Extended Data Fig. 2f was missing a header above the color key; and typographical errors (extraneous citations to refs. 1, 3 and 5) were present in the “Analysis of RNA-seq data from saracatinib-treated tissue” section of Methods. In addition, the Reporting Summary and the legends for Supplementary Figs. 5 and 8 were outdated versions. The errors have been corrected in the HTML and PDF versions of the article.
