

Retraction: *Very late-onset Friedreich's ataxia with rapid course mimicking as possible multiple system atrophy cerebellar type*

Vidhale TA, Gupta HR, Pj R, *et al.* Very late-onset Friedreich's ataxia with rapid course mimicking as possible multiple system atrophy cerebellar type. *BMJ Case Rep.* 2021 Jul 23;147:e242073. doi: 10.1136/bcr-2021-242073

This case report has been retracted because the stated diagnosis was unreliable. BMJ Case Reports was contacted about whether the genetic test results were correctly interpreted. The authors reconsidered and agreed that the genetic testing data do not support the stated diagnosis.

Case reports provide a valuable learning resource for the scientific community and can indicate areas of interest for future research. They should not be used in isolation to guide treatment choices or public health policy.
