Fumigation of Brazil nuts with allyl isothiocyanate to inhibit the growth of *Aspergillus parasiticus* and aflatoxin production

Lucas F Lopes, Keliani Bordin, Gabriel HC de Lara, Federica Saladino, Juan M Quiles, Giuseppe Meca, Fernando B Luciano

It has recently come to our attention that the Acknowledgements section was incorrect in the article 'Fumigation of Brazil nuts with allyl isothiocyanate to inhibit the growth of *Aspergillus parasiticus* and aflatoxin production' (DOI: [10.1002/jsfa.8527](https://doi.org/10.1002/jsfa.8527)),¹ published in Wiley Online Library on 12 August 2017 and in the Journal of the Science of Food and Agriculture, 98: 792–798. The correct Acknowledgements section is provided below.

ACKNOWLEDGEMENTS

The authors would like to thank the Spanish Ministry of Economy and Competitiveness (AGL2016-77610-R), the Brazilian National Council of Research (CAPES/CNPq Project 400896/2014-1, CNPq Project 304299/2015-4) and the Horizon 2020 Framework Program (MycoKey 'Integrated and innovative key actions for mycotoxin management in the food and feed chain' GA 678781) for funding this research.
