At the request of SAGE Publishing and the Executive Editor, the following article has been retracted.

Deng X, Chen C, Wu F, et al. Curcumin Inhibits the Migration and Invasion of Non-Small-Cell Lung Cancer Cells Through Radiation-Induced Suppression of Epithelial-Mesenchymal Transition and Soluble E-Cadherin Expression. *Technology in Cancer Research & Treatment*. 2020;19. doi:10.1177/1533033820947485

SAGE was made aware of a PubPeer post that highlights duplicate images in this article:

In Figure 5B, 0 h panel the 5 µM image appears highly similar to the 20 µM image.

In Figure 5B, 48 h panel the 5 µM image appears highly similar to the 20 µM image.

Despite multiple attempts, the authors did not respond to our requests for comments or raw, underlying images. Due to the outstanding concerns about the authenticity of this research, the Executive Editor retracts this article.

Author XD agreed with the retraction. The remaining authors did not respond to the final notice.
