

Correction for Huang et al., “*In Vitro* and *In Vivo* Activities of Zinc Linolenate, a Selective Antibacterial Agent against *Helicobacter pylori*”

Yanqiang Huang, Xudong Hang, Xueqing Jiang, Liping Zeng, Jia Jia, Yong Xie, Fei Li, Hongkai Bi

Volume 63, no. 6, e00004-19, 2019, <https://doi.org/10.1128/aac.00004-19>. Upon review, we discovered an error in Fig. 8B, where the TUNEL stain image of the uninfected group (Control) was incorrectly placed during the sorting process. Figure 8B should appear as shown in this correction. The correction does not change the conclusions drawn in the study.

We sincerely apologize for any confusion the error may have caused.
