OXFORD

Correction to: Validation of and Demographically Adjusted Normative Data for the Learning Ratio Derived from the RAVLT in Robustly Intact Older Adults

This is a correction to: Dustin B Hammers, Robert J Spencer, Liana G Apostolova, for the Alzheimer's Disease Neuroimaging Initiative, Validation of and Demographically Adjusted Normative Data for the Learning Ratio Derived from the RAVLT in Robustly Intact Older Adults, *Archives of Clinical Neuropsychology*, Volume 37, Issue 5, August 2022, Pages 981–993, https://doi.org/10.1093/arclin/acac002

The published article incorrectly stated a *Cohen's d* value of 18.68 in the final paragraph of the **Results** section. The correct value should read: "0.863711".

The error has been outlined only in this notice to preserve the version of record.
