The originally published version of this article contains an image misplacement in which the representative image of shH19-3 group was shown (Figure 2g, left panel). The corrected panel and the revised raw images have been provided. The authors previously used the correct raw images to make statistical analysis, however, shown with the misplaced representative image of shH19-3 group in Figure 2g (left panel). Therefore, the right panel of Figure 2g is correct, and the correction in the left panel of Figure 2g does not affect the interpretation or conclusions of this figure. The original article has been corrected.
