

Correction to: Frameshift mutations in peripheral blood as a biomarker for surveillance of Lynch syndrome

This is a correction to: Yurong Song, Holli Loomans-Kropp, Ryan N Baugher, Brandon Somerville, Shaneen S Baxter, Travis D Kerr, Teri M Plona, Stephanie D Mellott, Todd B Young, Heidi E Lawhorn, Lei Wei, Qiang Hu, Song Liu, Alan Hutson, Ligia Pinto, John D Potter, Shizuko Sei, Ozkan Gelincik, Steven M Lipkin, Johannes Gebert, Matthias Kloor, Robert H Shoemaker, Frameshift mutations in peripheral blood as a biomarker for surveillance of Lynch syndrome, JNCI: Journal of the National

Cancer Institute, Volume 116, Issue 6, June 2024, Pages 957–965, <https://doi.org/10.1093/jnci/djae060>

In the originally published version of this paper, errors were present in the headings of Table 4, whereby the terms “Tumor”, “Buffy coat” and “Adjacent normal” were incorrectly placed over the columns showing values for “Variants, No.” and “Targets, No. (%)”.

This has been corrected online.
