**Interactions of hydrolyzed  $\beta$ -lactams with the L1 metallo- $\beta$ -lactamase: Crystallography supports stereoselective binding of cephem/carbapenem products**

<https://doi.org/10.1016/j.jbc.2024.107819>

Philip Hinchliffe, Karina Calvopiña, Patrick Rabe, Maria F. Mojica, Christopher J. Schofield, Gary I. Dmitrienko, Robert A. Bonomo, Alejandro J. Vila, and James Spencer

The final sentence of the *Funding and additional information* section currently reads:

We thank BrisSynBio, a BBSRC/EPSRC-funded Synthetic Biology Research Centre (L01386X), for funding the Tecan Infinite 200 pro microplate reader.

It should read:

We thank BrisSynBio, a BBSRC/EPSRC-funded Synthetic Biology Research Centre (BB/L01386X/1), for funding the Tecan Infinite 200 pro microplate reader.
