The Journal Editors and Sage hereby issue an expression of concern for the following article:

Debela DT, Muzazu SG, Heraro KD, et al. New approaches and procedures for cancer treatment: current perspectives. *SAGE Open Med* 2021; 9. DOI: 10.1177/20503121211034366.

The Journal Editor noted unusual and unrelated articles citing this article. This Expression of Concern is placed to alert readers that the citation of this article appears to be spuriously inflated.

Sage has contacted the authors and an investigation into this matter is underway.
