

CORRECTION

Correction: Replicating the Disease framing problem during the 2020 COVID-19 pandemic: A study of stress, worry, trust, and choice under risk

The *PLOS One* Staff

The first four authors should have not been marked equally contributed on this work. Nikolay R. Rachev and Hyemin Han are co-first authors of this work. David Lacko and Rebekah Gelpi are co-second authors of this work.

In the heading The framing effect and the disease problem subsection of Introduction, there is an error in the capitalization of disease. The correct heading is: The framing effect and the Disease problem.

In the heading Risky choice and the framing effect: COVIDiSTRESS vs. the many labs data, there is an error in the capitalization of many labs. The correct heading is: Risky choice and the framing effect: COVIDiSTRESS vs. the Many Labs data.

The publisher apologizes for the errors.
