

Correction: *Are plain language summaries published in health journals written according to instructions and health literacy principles? A systematic environmental scan*

Gainey K, Smith J, McCaffery K, *et al.* Are plain language summaries published in health journals written according to instructions and health literacy principles? A systematic environmental scan. *BMJ Open* 2024;**14**:e086464. doi: 10.1136/bmjopen-2024-086464

This article was previously published with an error.

- ▶ The highest level of compliance was inaccurately noted as 86% instead of 88% in the *Results* section of the Abstract and *Part 2: comparing identified PLSs with PLS author instructions* under the Results section.
- ▶ Two (10%) rather than one (5%) achieved a compliance rating of high (ie, $\geq 80\%$ compliance) as mentioned in the Result's *Part 2: comparing identified PLSs with PLS author instructions* section and 13 (65%) instead of 14 (70%) achieved a rating of medium (ie, 51%–79% compliance).

Although the data was provided incorrectly in the text, it was accurate in the table and had no bearing on the paper's main conclusions or findings.
