The following content was omitted during the publication process.

CONFLICT OF INTEREST

The authors declare that this study was conducted in the absence of any commercial or financial relationships that could be construed as potential conflicts of interest.

ACKNOWLEDGMENTS

This work was supported by the Technology Development Program (S3318540), funded by the Ministry of SMEs and Startups (MSS, Korea).

AUTHOR CONTRIBUTIONS

H-JK and Y-MK prepared the concept and designed the study. J-HJ, D-JK, and H-JK wrote the manuscript. J-HJ, D-JK, S-JH, D-JL, and S-YK performed the in vitro and in vivo experiments and analyzed the data. J-HA, A-RJ, and H-JC performed data curation. H-JK supervised the entire study and obtained funding. All authors contributed to the article and approved the submitted version.
