

CORRIGENDA

Volume 78, September–December, 1974

In STRAUS, DANIEL S., 1974 Induction by mutagens of tandem gene duplications in the *glyS* region of the *Escherichia coli* chromosome. *Genetics* **78**: 823–830.

On page 824, under Mutagenesis, the procedure for ICR 372 mutagenesis should read: "Mutagenesis with ICR 372 was accomplished by diluting 10 μ l of stationary cells. . . ."
