

## CORRIGENDUM

### Correlation between sequence conservation and the genomic context after gene duplication

Richard A. Notebaart, Martijn A. Huynen, Bas Teusink, Roland J. Siezen and Berend Snel

*Nucleic Acids Res.* (2005) **33**, 6164–6171.

The authors would like to apologise for switching the speciation and duplication nodes in Figure 1. The correct figure is below.
