**Errata**

*In:* Kane RL, Friedman B. State variations in Medicare expenditures. *Am J Public Health.* 1997;87:1611-1619. In Table 3, the heading should have read (n=49), not (n=9).

*In:* Ferlo Todd J, Ruhl CE, Gross TP. Injury and death associated with hospital bed side-rails: reports to the US Food and Drug Administration from 1985 to 1995. *Am J Public Health.* 1997;87:1675-1677.

The bar graph shown in Figure 1 was incorrectly substituted for the correct figure, which appears below. In addition, the authors are with the Center for Devices and Radiological Health, US Food and Drug Administration, not the Center for Radiological Devices and Health as reported.

**FIGURE 1**—Reports of hospital bed side-rail entrapment, by type and year of event: US Food and Drug Administration adverse event reporting database, 1985 through 1995.
