In: Guendelman S, Thornton D, Gould J, and Hosang N. Social disparities in maternal morbidity during labor and delivery between Mexican-born and US-born White Californians, 1996–1998. *Am J Public Health*. 2005;95:2218–2224.

A table was printed twice. The reference to Table 4 on page 2220 should refer instead to **TABLE 3—Observed and Adjusted Odds Ratios for Specific Maternal Morbidities Among Mexican-Born Women During Labor and Delivery Relative to US-Born White Non-Latina Women: California, 1996–1998** (page 2222; table title also corrected). Also, the reference to Table 2 under the heading Access to Health Care Services (page 2219) should refer instead to Table 1.
