

Errata

HALL, R.P., LAWLEY, T.J., HECK, J.A. & KATZ, S.I. IgA-containing circulating immune complexes in dermatitis herpetiformis, Henoch-Schönlein purpura, systemic lupus erythematosus and other diseases. Page 435, legend to figure 3 should read:

Fig. 3. Schematic representation comparing the Raji IgA and the Raji IgG radioimmunoassays. CIC=circulating immune complex, RC=Raji cell. (●) IgA-containing CIC, (□) IgG-containing CIC, (λ) ¹²⁵I-goat-anti-human IgA, (λ) ¹²⁵I-goat-anti-human IgG.

REZAI, H.R., FARRELL, JAY & SOULSBY, E.L. Immunological response of *L. donovani* infection in mice and significance of T cell in resistance to experimental leishmaniasis. Page 512, legend to figure 3 should read:

Fig. 3. Antibody response to *L. donovani* at various times after infection in several susceptible and less susceptible strains of mice: DBA/1 (■), C57BL (■), BALB/c (■), A_j (□), CAF1 (⊗) and C3H (⊗).
