

## **Correction: Viruses' Life History: Towards a Mechanistic Basis of a Trade-Off between Survival and Reproduction among Phages**

François Taddei, Marianne De Paepe

DOI: 10.1371/journal.pbio.0040193

In *PLoS Biology*, volume 4, issue 7:

In the abstract, the mortality rate is described as being negatively correlated with multiplication rate, whereas it is positively correlated.

This correction note may be found online at DOI: 10.1371/journal.pbio.0040273.
