Abstract

This is a correction article

Correction

Much to our regret we have to inform you about a mistake/misprint in our recent article: Fruhmann Berger et al [1].

In Table 1, the mean scores of the Glasgow Coma Scale reported for the stroke patient groups should read:

Neg 14.6 (0.5);

RBD 14.9 (0.3);

LBD 14.2 (1.1).
