

corrigendum

DNA damage induces Cdt1 proteolysis in fission yeast through a pathway dependent on Cdt2 and Ddb1

Emma Ralph, Erik Boye & Stephen E. Kearsey

EMBO reports (2006) 7, 1134–1139. doi:10.1038/sj.embor.7400827

It has recently come to our attention that the labels +UV and –UV were incorrectly assigned in Fig 3, parts A and C. The correct figure is shown here. This change has no effect on our conclusions.
