Corrections

Intermittent Methohexitone for Conservative Dentistry

In the paper on this subject by C. C. Wise and colleagues (31 May, p. 540) the reference in the second line of the second paragraph under "Methods" should have read Drummond-Jackson (1967), not (1962). In the list of references the reference Drummond-Jackson, S. L. (1962), *British Dental Journal*, 113, 404, should be deleted. The succeeding reference should then read: Drummond-Jackson, S. L. (editor) (1967). In *Intravenous Anaesthesia*. London, Society for the Advancement of Anaesthesia in Dentistry.

Textbook of the Rheumatic Diseases

The price of this book was incorrectly quoted when it was reviewed on 31 May, at page 563. The correct price is 210s.
