

CORRECTION

The Journal of Experimental Medicine

In the article "The T cell repertoire for recognition of a phylogenetically distant protein antigen. Peptide specificity and MHC restriction of staphylococcal nuclease-specific T cell clones" by Alison Finnegan, Melanie A. Smith, John A. Smith, Jay Berzofsky, David H. Sachs, and Richard J. Hodes (September 1986, 164:897), Fig. 1 contains an error. The corrected figure appears below.
