

Errata

Re: *Postgraduate Medical Journal* 1993, **69**: 384–388.

Combined transhepatic and endoscopic procedures in the biliary system: A.G. Verstandig, E. Goldin, T. Sasson, G. Weinberger, D. Wengower, A. Fich and E. Lax

We apologise for printing the incorrect illustration for Figure 3 of this paper. The correct figure with legend is reproduced below.

Figure 3 Final antegrade cholangiography (in this case via a cholecystostomy catheter) demonstrating good stent position and free flow of contrast to the duodenum.

Re: *Postgraduate Medical Journal* 1993, **69**: 100–106.

Relationship between smoking, weight and attitudes to weight in adolescent schoolgirls: C. Halek, S. Kerry, H. Humphrey, A.H. Crisp and J.M. Hughes.

An author's error occurred in this paper. The statistical test used to compare menarchal age was an F test not a chi-square test as reported. The *P*-values are correct.
