

Congenital Joint Dislocations Caused by Carbohydrate Sulfotransferase 3 Deficiency in Recessive Larsen Syndrome and Humero-Spinal Dysostosis

Pia Hermanns, Sheila Unger, Antonio Rossi, Antonio Perez-Aytes, Hector Cortina, Luisa Bonafé, Loredana Boccone, Valeria Setzu, Michel Dutoit, Luca Sangiorgi, Fabio Pecora, Kerstin Reicherter, Gen Nishimura, Jürgen Spranger, Bernhard Zabel, and Andrea Superti-Furga*

(American Journal of Human Genetics 82, 1368–1374; June 2008)

Table 1 contains an error in the “patient 5” row and the “maternal CHST3 allele” column. The mutation should be described as c.617-618 TC → GA, F206X (not c.617-618 TC → CA, F206X).

The authors regret this error.
