Ideal Internal Carotid Artery Trapping Technique without Bypass in a Patient with Insufficient Collateral Flow

J Korean Neurosurg Soc 45 : 260-263, 2009
10.3340/jkns.2009.45.4.260

In the 2009 edition of the Journal of Korean Neurosurgical Society, we published an article entitled “Ideal Internal Carotid Artery Trapping Technique without Bypass in a Patient with Insufficient Collateral Flow” (Volume 45, Pages 260-263), which was written by Joon Ho Chung, M.D.,¹ Yong Sam Shin, M.D.,¹ Yong Cheol Lim, M.D.,² Minjung Park, M.D.³. The first author’s name is mistyped. Thus, we correct the first author’s name from Joon Ho Chung to Joonho Chung.
