The authors of the article “LOX-1 augments oxLDL uptake by lysoPC-stimulated murine macrophages but is not required for oxLDL clearance from plasma” (*J. Lipid Res.* 2009. 50: 1676–1684) have advised the *Journal* that the primer sequences shown for the amplification of LOX-1 cDNA are incorrect. The correct primer sequences are forward primer 5'-CATGTTGGCCTTGACATCTG-3' and the reverse primer 5'-GTTGGTTGGGAGACTTTGGA-3'.
