Retraction Statement

doi:10.1111/j.1365-2249.2009.04061.x

The article from *Clinical and Experimental Immunology*, 'Interleukin-13-induced type II polarization of inflammatory macrophages is mediated through suppression of nuclear factor- κ B and preservation of I κ B α in a T cell lymphoma', by P. Deepak, S. Kumar and A. Acharya (August 2007, 149(2), 378–86), published online on 5th June 2007 on Wiley InterScience (www.interscience.wiley.com), has been retracted by agreement between the Editor-in-Chief of *Clinical and Experimental Immunology* and Wiley-Blackwell.

The retraction has been agreed due to lack of original data.
