

**Correction.** In the article "Ferritin: Isolation of aluminum-ferritin complex from brain" by J. Fleming and J. G. Joshi, which appeared in No. 22, November 1987, of *Proc. Natl. Acad. Sci. USA* (84, 7866-7870), the authors request that the following errors be noted. The last column of Table 3 on p. 7869 should read "Ratio PO<sub>4</sub>/Fe"; in addition, the column for Ratio PO<sub>4</sub>/Al was omitted. The correct Table 3 is reproduced here.

Table 3. *In vitro* binding of Al to ferritin

Source	Analysis, mol/mol of ferritin			Ratio	
	Fe	Al	PO <sub>4</sub>	PO <sub>4</sub> /Al	PO <sub>4</sub> /Fe
Human brain	723	86	353	4.1	0.49
Human liver	997	131	421	3.2	0.42
Horse spleen	1625	173	833	4.8	0.51
