Evolutionary variation of the CCAAT-binding transcription factor NF-Y

by X.-Y.Li, R.Mantovani, R.Hoof van Huijsduijnen, I.Andre, C.Benoist and D.Mathis

Nucleic Acids Research, **20**, pp. 1087–1091 (1992)

A databank accession number was quoted incorrectly in this paper. X59703 in the legend to figure 2 should read X59709.

A microsatellite polymorphism at D3S11 locus

by Peter M.Brett, Georg Melmer and Hugh M.D.Gurling

Nucleic Acids Research, **19**, p. 6978 (1991)

Follow-up work on this microsatellite polymorphism has revealed that it is not localised on chromosome 3. We are at present trying to localise the clone containing this microsatellite by using fluorescent *in situ* hybridisations and a cell hybrid mapping panel.

Imaging and nanodissection of individual supercoiled plasmids by atomic force microscopy

by Eric Henderson

Nucleic Acids Research, **20**, pp. 445–447 (1992)

The publishers wish to apologize for a printing error in figures 1 and 2. Parts A and B of figures 1 and 2 are incorrectly placed. As printed, Figure 2, A and B should be associated with Figure 1 and Figure 1, A and B should be associated with Figure 2.
