

VOLUME 283 (2008) PAGES 20628–20634

Synaptic vesicle protein 2 binds adenine nucleotides.

Jia Yao and Sandra M. Bajjalieh

On Page 20633, an incorrect image was used for Fig. 8B. The correct image is shown below.

VOLUME 282 (2007) PAGES 10804–10813

Protein kinase CK2, cystic fibrosis transmembrane conductance regulator, and the Δ F508 mutation. F508 deletion disrupts a kinase-binding site.

Kate J. Treharne, Russell M. Crawford, Zhe Xu, Jeng-Haur Chen, O. Giles Best, Eva A. Schulte, Dieter C. Gruenert, Stuart M. Wilson, David N. Sheppard, Kar Kunzelmann, and Anil Mehta

This article has been withdrawn by the authors. Further experiments are under way to resolve difficulties with this study arising from cloning errors.

We suggest that subscribers photocopy these corrections and insert the photocopies in the original publication at the location of the original article. Authors are urged to introduce these corrections into any reprints they distribute. Secondary (abstract) services are urged to carry notice of these corrections as prominently as they carried the original abstracts.
