Correction

Correction: Analysis of Food and Drug Administration–Approved Anticancer Agents in the NCI60 Panel of Human Tumor Cell Lines

In this article (Mol Cancer Ther 2010;9:1451–1460), which was published in the May 1, 2010 issue of *Molecular Cancer Therapeutics* (1), the column heading over the last three columns of Table 1 is incorrect. The column heading should be Potency in $\mu\text{mol/L}$. The online article has been changed to reflect this correction and no longer matches the print.
