Role of the Lysine-Specific Demethylase 1 in the Proinflammatory Phenotype of Vascular Smooth Muscle Cells of Diabetic Mice: Retraction

Role of the Lysine-Specific Demethylase 1 in the Proinflammatory Phenotype of Vascular Smooth Muscle Cells of Diabetic Mice: Retraction

In the article that appears on page 615 of the September 12, 2008, issue, a duplication and incorrect internal control bands were erroneously introduced by the authors in Figure 7A during the revision process. For this reason, the article is being retracted. The authors regret the error.

This retraction has been noted in the online version of the article, which was previously available at <http://circres.ahajournals.org/cgi/content/full/103/6/615>
