Retraction: Application of cytology and molecular biology in diagnosing premalignant or malignant oral lesions

Ravi Mehrotra^{1*}, Anurag Gupta², Mamta Singh³ and Rahela Ibrahim³

Retraction

The authors would like to retract the article "Application of cytology and molecular biology in diagnosing premalignant or malignant oral lesions" [1]. After publication of the article it came to light that large portions of the article are duplicated from a previously published article [2]. The authors apologize to the readers, reviewers, and Editors of *Molecular Cancer* for the inconvenience caused.
