

Correction

The journal wishes to point out that corrections have been made to "Combinatorial control of diverse metabolic and physiological functions by transcriptional regulators of the yeast sulfur assimilation pathway" (Mol. Biol. Cell [2012] 23, 3008–3024; originally published in MBoC In Press as 10.1091/mbc.E12-03-0233). Due to errors by the journal's composition vendor, two of the author affiliations were published incorrectly. The correct affiliations are ^aThe Lewis-Sigler Institute for Integrative Genomics, Princeton University, Princeton, NJ 08544, and ^bGraduate Program in Quantitative and Computational Biology, Princeton University, Princeton, NJ 08544.

The HTML and PDF versions were corrected on the *Molecular Biology of the Cell* website on 20 September 2012. These corrections may not appear on copies of the article that reside on other websites.
