Corrections

CORRECTIONS TO: Czuba, T. B., Rokers, B., Huk, A. C., & Cormack, L. K. (2012). To CD or not to CD: Is there a 3D motion aftereffect based on changing disparities? *Journal of Vision*, 12(4):7, 1–3, <http://www.journalofvision.org/content/12/4/7>, doi:10.1167/12.4.7.

In the original article, funding information was omitted from the Acknowledgments section. The original version read:

“This work was supported by grants from the National Eye Institute (R01-EY017366 to A. C. Huk), and the National Science Foundation (IIS-0917175 to L. K. Cormack, and CAREER Award BCS-078413 to A. C. Huk).”

The corrected version reads:

“This work was supported by grants from the National Eye Institute (R01-EY017366 to A. C. Huk and R01-EY020592 to A.C. Huk, L.K. Cormack, and A. Kohn), and the National Science Foundation (IIS-0917175 to L. K. Cormack, and CAREER Award BCS-078413 to A. C. Huk).”

The electronic versions of the article (XML and PDF) have since been updated to reflect this change.
