

## Correction

### DEVELOPMENTAL BIOLOGY

Correction for “FoxO is a critical regulator of stem cell maintenance in immortal *Hydra*,” by Anna-Marei Boehm, Konstantin Khalturin, Friederike Anton-Erxleben, Georg Hemmrich, Ulrich C. Klostermeier, Javier A. Lopez-Quintero, Hans-Heinrich Oberg, Malte Puchert, Philip Rosenstiel, Jörg Wittlieb, and Thomas C. G. Bosch, which appeared in issue 48, November 27, 2012, of *Proc Natl Acad Sci USA* (109:19697–19702; first published November 12, 2012; 10.1073/pnas.1209714109).

The authors note that they unintentionally omitted a reference to an article by Bridge et al., who first described the presence of a single FoxO gene in *Hydra*. The reference should be cited on page 19698, right column, first paragraph, after lines 9–10, “according to phylogenetic analyses (Fig. 2I and Fig. S1)”. The complete reference appears below.

46. Bridge D, et al. (2010) FoxO and stress responses in the cnidarian *Hydra vulgaris*. *PLoS ONE* 5(7):e11686.
