In Table 2, category PR, the Choi criteria states

“Decrease of at least 10% in SLD and decrease of at least 15% in MLD”.

This should read

“Decrease of at least 10% in SLD or a decrease of at least 15% in MLD”.

The publisher apologizes for this error. The original article was published in Cancer Imaging 2012; 12: 126–135 (doi:10.1102/1470-7330.2012.0013).
