

RNA 18: 53–64 (2012)

## **Widespread generation of alternative UTRs contributes to sex-specific RNA binding by UNR**

**MARIJA MIHAJLOVIC, LAURENCE WURTH, FEDERICO ZAMBELLI, IRINA ABAZA, CRISTINA MILITTI, FRANCESCO M. MANCUSO, GUGLIELMO ROMA, GIULIO PAVESI, and FÁTIMA GEBAUER**

In this article, the correct spelling of the first author's surname is Mihajlovic, as presented above (not Mihajlovich, as originally published).

The authors apologize for any confusion this might have caused.
