

ERRATUM

The authors of “Identification of candidate genes encoding an LDL-C QTL in baboons” (*J. Lipid Res.* 2013 54:(7) 1776–1785) have informed the *Journal* that an author, Sassan Hafizi, was inadvertently omitted from the first published version of their manuscript. The initial authorship list read as follows:

Genesio M. Karere, Jeremy P. Glenn, Shifra Birnbaum, David L. Rainwater, Michael C. Mahaney, John L. VandeBerg, Laura A. Cox

The revised authorship has been updated to the following list:

Genesio M. Karere, Jeremy P. Glenn, Shifra Birnbaum, Sassan Hafizi, David L. Rainwater, Michael C. Mahaney, John L. VandeBerg, Laura A. Cox

While Dr. Hafizi was omitted from the first published version of this manuscript, the revised authorship list has since been corrected online.
