Corrigendum to De Hoog VC, Timmers L, Schoneveld AH, Wang JW et al (2013). Serum extracellular vesicle protein levels are associated with acute coronary syndrome *European Heart Journal Acute Cardiovascular Care*. 2(1) 53–60 [DOI:10.1177/2048872612471212].

The authors would like to note an error in the above paper. The affiliation for Professor Dr Dominique PV de Kleijn is written as:

<sup>1</sup>University Medical Center Utrecht, Utrecht, The Netherlands

<sup>4</sup>Interuniversity Cardiology Institute of the Netherlands, Utrecht, The Netherlands

<sup>5</sup>National University Heart Centre, Singapore

This is incorrect it should read:

<sup>1</sup>University Medical Center Utrecht, Utrecht, The Netherlands

<sup>4</sup>Interuniversity Cardiology Institute of the Netherlands, Utrecht, The Netherlands

<sup>5</sup>Surgery NUS & Cardiovascular Research Institute, NUHS, Singapore

The authors apologise for this error and any confusion it may have caused.

# Acute Cardiac Care 2013

# SAGE Premier

Online access to over 645 SAGE journals in business, humanities, social sciences, and science, technology, and medicine...

The SAGE Premier package includes leading international peer-reviewed titles, including high-impact research journals published on behalf of more than 290 scholarly and professional societies. Our journals cover a wide range of subject areas, including business, humanities, social sciences, and science, technology, and medicine, allowing libraries to support the varied teaching and research needs of their students and faculty.

SAGE Premier includes the following:

- Access to over 645 SAGE journal titles, comprising over 500,000 full-text articles
- Access via SAGE Journals, SAGE's award-winning online journal delivery platform, powered by HighWire Press
- Access to the backfile of each journal, dating back to 1999, while subscription is maintained
