

**Correction.** In the article "Purification and characterization of *trp* aporepressor" by Andrzej Joachimiak, Richard L. Kelley, Robert P. Gunsalus, Charles Yanofsky, and Paul B. Sigler, which appeared in number 3, February 1983, of *Proc. Natl. Acad. Sci. USA* (80, 668–672), a recurring printer's error was not detected. The word "promoter" should be replaced by "proto-mer" in the following places: p. 670, column 1, line 6; column 2, lines 8 and 26; p. 671, column 1, line 42; column 2, lines 18, 19, and 22; p. 672, column 1, lines 5, 5–6, and 11. In addition, on p. 672, column 1, line 12, "groves" should be "grooves."

**Correction.** In the article "Rates of enzyme-catalyzed exchange determined by two-dimensional NMR: A study of glucose 6-phosphate anomerization and isomerization" by R. S. Balaban and J. A. Ferretti, which appeared in number 5, March 1983, of *Proc. Natl. Acad. Sci. USA* (80, 1241–1245), a printer's error occurred in Eqs. 2 and 3 on p. 1243. The correct equations are printed below.

$$I_{\beta\beta} = 1/2 X_{\beta} (1 + e^{-(k_{\alpha\beta} + k_{\beta\alpha})\tau_{\text{mix}}}) e^{-\tau_{\text{mix}}/T_1} \quad [2]$$

$$I_{\alpha\beta} = I_{\beta\alpha} = X_{\alpha} X_{\beta} (1 - e^{-(k_{\alpha\beta} + k_{\beta\alpha})\tau_{\text{mix}}}) e^{-\tau_{\text{mix}}/T_1} \quad [3]$$
