

## Correction

# Correction: Epidemics in Partially Overlapped Multiplex Networks

## The PLOS ONE Staff

There are errors in two equations in the published article. In the Results section, Equation (2) is represented incorrectly. The correct equation, provided by the authors, can be viewed here:

$$J|_{f_A=f_B=0} = \begin{pmatrix} T(\kappa_A - 1) & T_q \langle \kappa_B \rangle \\ T_q \langle k_A \rangle & T(\kappa_B - 1) \end{pmatrix}$$

There is an error in the fourth sentence of the second paragraph of the Results section. The correct sentence should read: Figure 3 shows the results for (a) two ER layers with  $\langle k_A \rangle = 6$  and  $\langle k_B \rangle = 4$  and (b) two power law distributed layers with an exponential cutoff  $c = 20$ , where  $P(k) \sim k^{-\lambda} e^{-k/c}$ , and exponents  $\lambda_A = 2.5$  and  $\lambda_B = 3.5$ .
