Does Ethylene Mediate Cluster Root Formation under Iron Deficiency?

H. ZAID, R. EL MORABET, H. G. DIEM, M. ARAHOU

Annals of Botany 92: 673–677, 2003

Unfortunately, there was a mistake in the axis labelling in Fig. 1 of this article. The publisher apologises for this error. The figure should appear as printed below.

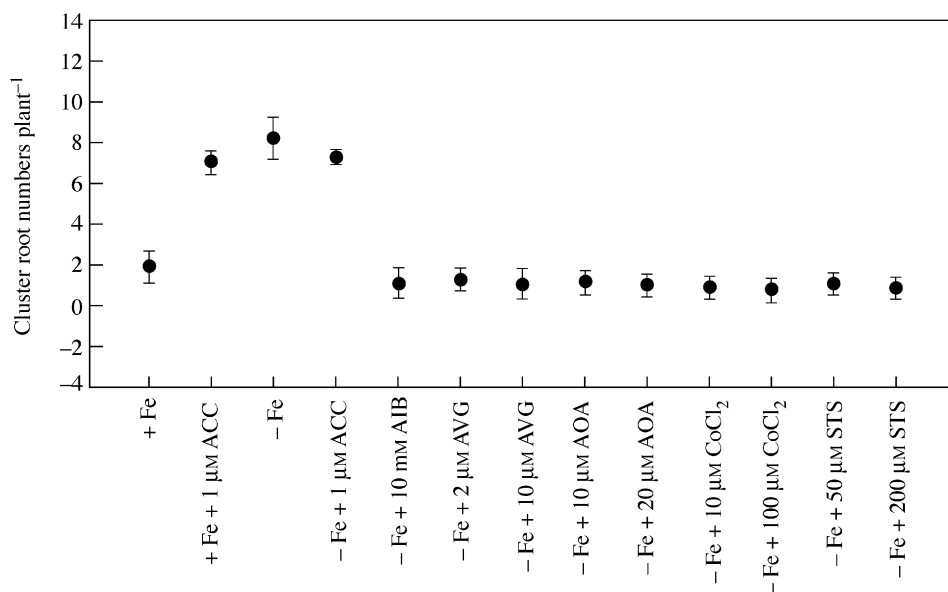

FIG. 1. Effect of exposure, for 8 weeks, to ethylene stimulator and inhibitors on cluster root numbers in *Casuarina glauca*. Error bars represent standard errors of the mean ($n = 10$).
